

THE WORLD LEADER IN
FUME EXTRACTION TECHNOLOGY

Ac Light Arms

Accessories

BOFA's wide range of volume LEV extraction accessories now includes 2 LED Light 50mm extraction Arms. Available in black or white, these new arms can be mounted into BOFA's unique flip top mount and can easily moved to the best angle for your application. With 8 LED lights at the end of the funnel lighting up your work piece, these new arms allow for a clearer work space and a bright clean light work area.

The black version is made from ESD anti-static plastic primarily for the electronics industry and the white version would look great in any professional beauty salon or nail bar.

STANDARD FEATURES:

- High energy efficiency and maintenance-free.
- Eight powerful LED provide upto 58 Lumens.
- Low Energy consumption.
- Long Lifetime.
- 12 Volt DC Operation.
